

Meal Planning at Your Fingertips!

We know tremendous amounts of time can go into meal planning, but that doesn't mean it has to! Let Wildtree simplify meal planning with the Wildtree App. You can create up to 4 weeks of scheduled recipes tailored to fit your Wildtree Pantry and your family's preferences - all in just a few simple steps! The Wildtree App saves you time so you can spend time where it matters most!

01 My Pantry

Load the Wildtree products you already have in your kitchen into the “My Pantry” feature by simply searching for the names of the products or scanning the barcode. Anything you purchase from the Wildtree App will automatically be added. This will make it easy to search thousands of recipes that use products you already have!

02 Create My Menu

In the “Create My Menu” feature, you can build up to 4 weeks of menus from products you already have loaded into your pantry, or you can count on us to recommend new products! In just a few simple steps you will come away with menus that fit the Menu Preferences, Meal Preferences and Dietary Preferences of your family!

03 My Plan

The “My Plan” feature makes it easy to view your upcoming meals, all in one place! With a few simple clicks, you can add Wildtree Products needed for the recipes in your Plan to your shopping cart. You can also add the necessary grocery items to your grocery list for stress-free shopping!

04 Grocery List

Now that you have a Meal Plan, let us take the stress out of grocery shopping with the “Grocery List” feature. You have the ability to email, print, or check off the list as you browse through the store! We’ve even itemized and categorized your grocery list, so there’s no need to walk up and down every aisle!
